

15 There is a golden key here!
There is a pile of uranium on the ground!
There is a solid gold telescope here!
There is a flashlight here.
There is a rock here.
20 There is a laser pistol here.
There are rare stamps here!
There is a small glass bottle here.
There is water inside the bottle.
There is a flashlight shining here.
25 There is a robot here. It does not appear to be friendly.
There is a box here, with a button, marked "Spaceship Remote Control".
The north wall of this room is a giant computer.
The remains of a melted computer occupy the north wall.
There is a radiation-proof container here.
30 There is a pair of astronauts' gloves here.
There is a penny here.
There is a cart here. It's wheels are stuck in the bog.
There is an ancient statue here!
There is a miniature sun shining here.
35 There is a pair of sunglasses here.
There is a lever on the wall.
There is a small wooden flute here.
A bone, probably from an old skeleton, is here.
There is an old piece of cheese here.
40 There is a black pearl here!
A Gnome, who apparently hates humans, is here.
A Dwarf guards the way into his city.
There is a message written here.
There is a locked safe here.
45 There is an open safe here.
There is an old piece of cheese here.
Welcome to UNDERGROUND. Type HELP for instructions.
Please answer "YES" or "NO", "Y" or "N".
I can't see a thing.
50 There is a hungry rat here.
There is a smelly, dead rat here.
There is a hungry cat here, sleeping in the corner of the room.
There is an old watchdog lying here.
There is a woman standing here.
55 Sitting on the chest is a woman.
An oak chest, which belongs to a woman, is here.
The woman's chest is here. it is open.
There is a savage-looking tiger here.
The north wall of this room looks vulnerable to laser fire.
60 The floor of this room is covered by a sheet of ice.
There is a lump of coal here.
It isn't here.
I don't know what that means.
What about it?
65 The dog barks, and the Gnomes all awaken, all carrying knives.
You are somehow paralyzed by the woman
As you leave, you are intercepted by a deadly knife.
The monster, who is on a strict mineral diet, pauses for a moment.
It finally decides to eat you. However, you leave a bad taste in it's
70 mouth and give it bad breath. To clean it's mouth it eats the entire
cave. Fortunately the cave is magically protected, so it will be back
next time. Hopefully you will not.
The robot blocks your way.
The robot's laser misses you by an inch.
75 The robot's laser strikes you. You are disintegrated.
The ice is too slippery for you to move on.
Some force blocks this exit.
You can't get past the tiger without becoming it's dinner.

The door is closed.
 I wouldn't advise you to drown yourself.
 You can't get up the ramp.
 The barrel's spinning motion keeps you from moving that way.
 85 You cannot reach the hole.
 You are outside on the surface of the strange planet. It's atmosphere
 is composed of several gases, all of which are poisonous.
 This passage has been somehow blocked.
 You are INSIDE an active volcano. The eruptions cause you to lose
 90 your footing, fall, and die.
 The woman decides to get rid of you for your trespassing in her home.
 The roof of this room caves in, burying you under tons of rubble.
 The floor under you turns to bog, and you drown in it.
 Five hundred Gnomes appear in the room and throw knives at you.
 95 A trap door opens in the floor. You fall to your death.
 A spaceship, appearing out of nowhere, lands on top of you.
 There is a loud explosion here, and you are destroyed.
 There is a loud explosion below you.
 You cannot get the gold out of the ground.
 100 Don't be stupid.
 Don't be funny.
 Are you crazy?
 You are carrying:
 Are you sure you want to edit now?
 105 Hut-Hut-Hike!
 The safe of the Gnomes slides open. There is silver inside!
 A trap door opens below you, and you fall into a pit of boiling lava.
 As you die, you hear a deep, dark, dank voice saying "MORON..."
 A A A A A a a a a . . . <slat>
 110 Nothing happens.
 Does this room look like a toilet?
 There is a flushing sound, and water sprays from the sides of the room.
 I can't help you. You'll have to get there yourself.
 Swearing is not allowed in this game. What the hell is wrong with you?
 115 The cheese tastes strange. Evidently it is poisoned.
 The water in this game is polluted and unfit to drink.
 Your'e inn @tl<f& 9

 The cart rolls into the bog. An ancient statue flies out!
 The rock hits the gnome on the head, and both go down the cliff.
 120 There is no room for another saved game in this account.
 The laser blast misses it's target.
 The rock bounces harmlessly off the robot's metallic body.
 The dwarf dodges the rock, and quickly throws his weapon, killing you.
 S.P.C.A. and Humane Society regulations clearly prohibit such action.
 125 The rock hits the woman in the head, but she is only stunned.
 She is now very angry at you.
 Your surroundings seem to fade...
 A woman appears in a cloud of smoke. She says,
 "Come back when you learn to read signs".
 130 "Your flashlight is getting low on power. I will restore it, but it
 will cost you 50 points. You have 3 turns in which to decide."
 "Your time is up," says the woman.
 Do you want the flashlight restored?
 The woman touches your flashlight, and it seems to glow more brightly.
 135 The woman disappears in a cloud of smoke.
 The wall materializes back over the hole.
 The Dwarf, who loves coal, takes yours and leaves.
 The rat eats the cheese and immediately dies.
 The dog takes the bone, and walks away.
